

# Component Overview

Internal No.: 4908850

Product ID: BZ-660F

Date: 2024-03-03

|                     |                               |                |                           |
|---------------------|-------------------------------|----------------|---------------------------|
| Configuration Type  | Cooling Circulation System    | Rated Pressure | 250 bar                   |
| Throughput          | 60 L/min                      | Supply Voltage | 230 V / 50 Hz             |
| Mounting            | Skid base with vibration pads | Filtration     | 5 µm inline, 10 µm return |
| Dimensions (LxWxH)  | 1000 x 650 x 1000 mm          | Oil Type       | HLP 46                    |
| Working Temp. Range | 5°C to 45°C                   | Control Valve  | Proportional 4/2          |

| Component Materials Overview: |                      |                |
|-------------------------------|----------------------|----------------|
| Part                          | Composition          | Specification  |
| Rubber Gasket 80mm            | Nitrile Rubber (NBR) | RoHS compliant |
| Bearing 6202 ZZ               | Stainless Steel 304  | RoHS compliant |
| Hex Bolts M12                 | Zinc-Plated Steel    | CE certified   |
| Graphite Pad                  | Graphite Pad         | CE certified   |
