

Quality Inspection List

Use this extract to coordinate sign-off with the QA manager. Please review each checklist point and mark the sampling results. All checklist entries are timestamped for traceability. This closure summary indicates compliance with inspection criteria. The following table outlines inspection criteria and classification levels. Confirm that sampling levels comply with customer agreements. Archive this list in the quality-management system. Check that inspection steps follow the approved procedure.

Product ID	WD-180S	Customer ID	FRANCE
