

## Machine Log Summary

Performed On: 2023-07-25

|               |               |
|---------------|---------------|
| Signed off:   | Anna Nowak    |
| Performed by: | Peter Schmidt |

Ensure all safety checks were completed during servicing. Use this record to plan upcoming upkeep and repairs. Please review this log for recent service dates, types, and remarks. Confirm that service intervals follow the preventive schedule. This log records all maintenance activities performed on the equipment.

### Section A:

|            |                |                       |                          |                     |                   |                               |
|------------|----------------|-----------------------|--------------------------|---------------------|-------------------|-------------------------------|
| Unit Code  | MC-257         | MC-226                | MC-224                   | MC-209              | MC-252            | MC-228                        |
| Equipment  | Assembly Robot | Assembly Robot        | Conveyor Belt            | CNC Milling Machine | Conveyor Belt     | Lathe                         |
| Type       | Corrective     | Preventive            | Preventive               | Corrective          | Inspection        | Inspection                    |
| Technician | Laura Rossi    | Jan Kowalski          | Laura Rossi              | Peter Schmidt       | Jan Kowalski      | Jan Kowalski                  |
| Duration   | 3.3            | 1.6                   | 3.5                      | 2.9                 | 2.0               | 3.2                           |
| Comments   |                | Worn gasket replaced. | Switch contacts cleaned. | Replaced coolant.   | Replaced coolant. | Alignment of hinges adjusted. |

### Section B:

|            |                       |                       |                               |                      |                               |                       |
|------------|-----------------------|-----------------------|-------------------------------|----------------------|-------------------------------|-----------------------|
| Unit Code  | MC-209                | MC-257                | MC-228                        | MC-224               | MC-226                        | MC-204                |
| Equipment  | CNC Milling Machine   | Assembly Robot        | Lathe                         | Conveyor Belt        | Assembly Robot                | Plasma Cutter         |
| Type       | Preventive            | Inspection            | Preventive                    | Preventive           | Inspection                    | Inspection            |
| Technician | Carlos Garcia         | Laura Rossi           | Peter Schmidt                 | Carlos Garcia        | Jan Kowalski                  | Laura Rossi           |
| Duration   | 3.9                   | 2.4                   | 1.7                           | 1.9                  | 3.4                           | 2.1                   |
| Comments   | Worn gasket replaced. | Worn gasket replaced. | Li-Ion battery pack serviced. | Sensor recalibrated. | Alignment of hinges adjusted. | Calibration check OK. |
